A NEW ROUTINE DISTANCING IN DAILY LIFE

Stay home for 3~4 days if you're sick.

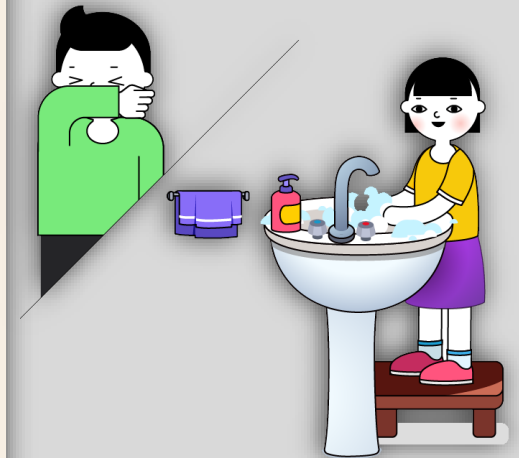

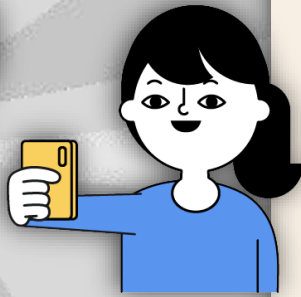

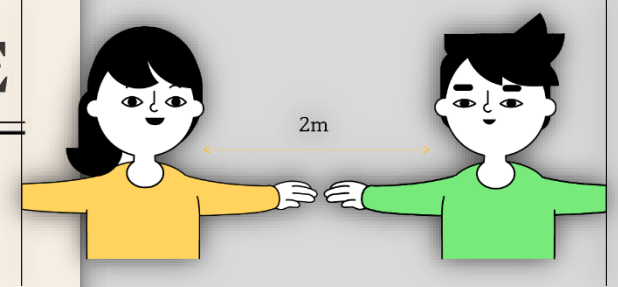

Keep a distance of two arms' length
between you and other people.

Wear a facemask in: ① any indoor publicly used venue
② outdoor environment if you can't keep 2 meter distance from other people

Wash your hands for 30 seconds.
Cough/sneeze into your sleeve.

Ventilate your space at least twice a day
and disinfect regularly.

Keep in touch with family and friends
while maintaining physical distancing.

Challenges and conditions for recovery
